Friends of Naturezones

Support our important work

... our aims and objectives to
express the importance of
looking after and enhancing the
Island's natural environment
and how it can benefit our
health and wellbeing

Friends

We support—schools and colleges and home educators that have no or limited access to nature, people with learning difficulties, people with health issues - anxiety and depression, carers and the cared for and the elderly with dementia. They can all take advantage of our field study centre

Nature Cares

Annual Friends enjoy the following benefits and savings ...

- * **Free entry on public open days**
